### Why GOAL SETTING?

- **Goals are motivational.** Goals provide a sense of meaning, purpose and direction.
- **Goals provide clear expectations.** Setting clear goals is an excellent way to focus attention on what you want to accomplish. The clearer the goal the more likely people will focus their actions and effort towards achieving the goal.
- **Goals enable teams to work towards a common purpose.** A common understanding of the PTA's purpose helps everyone understand what the team is aiming to achieve and why.
- **Goals support school culture.** Setting goals is an opportunity for the families to strengthen the school culture.
